SOUND SYSTEM CULTURE, INC. · 501(c)(3) NONPROFIT

Partner with SSC

Help launch our first season of free concerts and performances for communities across the boroughs and the world, with artists paid fairly for sharing their talents.

Culture, not a commodity. The mission began long before the nonprofit. For more than four decades, founder Jay Rodriguez Sierra has made music with children and communities around the world, from youth ensembles in Guadalajara to stages in France, Lebanon, Japan and Egypt. Sound System Culture is the new home for that work, and corporate partners help it take the next step.

SPONSORSHIP LEVELS

$1,000

Community Concert Sponsor
